

List of elements

No.	SPECIFICATION OF ELEMENT	PCS.	MATERIAL
1	Square bend 500x450/90°	2	galvanized steel
2	Square air duct 500x200mm	length according PD	galvanized steel
3	redducer 500x450/500x350	2	galvanized steel
4	Square bend 500x250/90°, vertical	4	galvanized steel
5	Square bend 500x250/90°, horizontal	4	galvanized steel
6	Square bend 500x250/25°, horizontal	2	galvanized steel
7	exhoused head	1	galvanized steel
20	redducer 500x450/500x200mm	2	galvanized steel
21	Square bend 500x200mm/90°, vertical	2	galvanized steel
22	Square air duct 500x350mm	length according PD	galvanized steel
23	T - element 500x350/ 500x200mm	2	galvanized steel
24	Square bend 500x200mm/90°, horizontal	length according PD	galvanized steel
25	Square air duct 355x200mm	length according PD	galvanized steel
26	Square bend 500x200mm/90°, vertical	4	galvanized steel
27	Square air duct 250x200mm	length according PD	galvanized steel
28	Square air duct 200x140mm	length according PD	galvanized steel
29	redducer 200x140/160x140mm, with openning for 30	20	galvanized steel
30	rectangular outlet one row 280x140mm	32	galvanized steel
31	Square air duct 160x140mm	length according PD	galvanized steel
32	Square air duct 200x200mm	length according PD	galvanized steel
33	Square bend 160x140mm/90°, vertical	16	galvanized steel
34	Square bend 200x140mm/90°, vertical	12	galvanized steel
35	Square air duct 140x140mm	length according PD	galvanized steel
36	rectangular outlet one row 280x100mm	24	galvanized steel
38	redducer 180x140/140x140mm, with openning for 36	8	galvanized steel
40	Square bend 100x140mm/90°, horizontal	8	galvanized steel
41	Square air duct 100x140mm	length according PD	galvanized steel
42	X- element 350x200/250x200mm vertilcaly, 200x140/200x140 horizontaly	4	galvanized steel
43	X- element 250x200/200x200mm vertilcaly, 200x140/200x140 horizontaly	4	galvanized steel
44	T- element 200x200/200x140mm	4	galvanized steel
